Bruce Vista High School

Foreword

A new era has started with this the first volume of the "CHIVALRY." Change and progress were strived for as the 1967-68 yearbook staff planned and put together this year's book.

Not only does this yearbook have new pages, cover, and ideas but it also has a new name . . . CHIVALRY.

According to Webster's Dictionary the word chivalry means "qualities of a true knight, including bravery, honor, courtesy, generosity, and fairness to others; Knights as a group."

Our school of Knights pertains to this definition because we are a group searching for our goals and success in the years to come. For the seniors, their night is coming. The night when they will receive their diplomas telling them they have finally reached the first step of success.

Classmates . . . this is your yearbook; it was made for you. Each page and picture tells of your accomplishments, contributions, and enjoyment achieved during the school year. It is intended to bring back the true memories of your year at Bruce Vista High School.

We the yearbook staff, hope you as the school body, will receive the pleasure, memories, and enjoyment this book has to offer.

WE HAVE MOVED TO A
NEW LOCATION AT
3380 MACK RD.

ARMCO BUILDINGS have all the features you want

They attract customers

—because they're colorful.

Their durability is proved by tests

—actual exposure in test installations and accelerated exposure tests
—in accordance with Method 6152 of Federal Test Method 141, Enclosed Arc Apparatus (Weather-Ometer)—show Armco acrylic enamel finishes, in normal exposure, will not develop excessive color

change for 10 years and will not blister, peel, crack, flake, check or chip for 15 years.

They're available in a wide variety of sizes

—and when you outgrow your building, it's easy to remove an endwall, add framing and panels, replace the endwall and you have a larger building to fit your needs.

They're quickly planned, erected and finished

—because we can supply complete construction service.

They're efficient

—because they can provide thousands of square feet of column-free work space.

As a matter of fact, we offer a complete building service . . . from site preparation, design assistance and even financing. Just call us.
